

# MARATHON TOURS & TRAVEL

## SEVEN CONTINENTS CLUB MEMBER PROFILE PAGE

### ACCESSING YOUR PROFILE

- [Click here](#) to log into your profile.
- Enter your Passport First Name, Passport Last Name and email address. If Passport name does not work and you originally registered with a variation of your Passport name, please try that variation. If you are still having difficulty please contact us for assistance.

### UNDERSTANDING YOUR PROFILE PAGE

- Once you log into your profile, you will see a GOLD Medallion next to your name. The color of this circle signifies the membership tier that you currently have earned based on the number of trips you have taken with us.
- If there is a star in your Medallion then that signifies you are an SCC Finisher!
- You have the option to display your age. If you check yes, then this is open to everyone. If you choose no, it will not display your age on the public pages.
- Your profile information will additionally contain your city, state/province, country, and gender. If any of your information is incorrect or missing, you will need to contact Marathon Tours & Travel to update them by emailing [stephanie@marathontours.com](mailto:stephanie@marathontours.com).

### TRACKING YOUR SEVEN CONTINENTS

- Under your Profile Information you will see two sections: Marathons and Half-Marathons. This is where you can track the official races you counted or are counting towards your seven continents. You are allowed to enter one race under each continent in both sections.
- Notice the progress bar at the top that is tracking your status! For example, it may say 5 CONTINENTS DOWN - 2 TO GO! As an SCC Finisher, these should say 7 CONTINENTS DOWN – 0 TO GO! This is where we need your help. Please add your Marathon and/or Half-Marathon under the category in which you received your SCC Finisher Medal with the race that you fulfilled your quest of the seven continents. During our system conversion some of our original data could not be exported and accuracy is very important to us. We appreciate your assistance with this process!
- When you are done with changes in your profile, hit 'Save Updates and Close' and your profile will be updated within a 24 hour period.
